

Ohu University Dental Journal

Volume 43 (No.1 ~ 4)

2016

CONTENTS

Number 1, 2

Review

Effects of Exposure to Chemicals on Male Reproductive System	S. OSHIO	1
--	----------	---

Original Articles

A Study of General Anesthesia with Open Airway Technique in Pediatric Dentistry of University of California, Los Angeles	H. KAWAII, S. YAMAZAKI and S. TAKADA	5
--	--------------------------------------	---

Characteristics of Jaw Reaction Time and Its Relationship to Brain Function	S. KITAMI	11
---	-----------	----

Development of Temporary Luting Material Consisting of PEMA and Anethole	M. HAYASHI, Y. ISHIDA and H. OKADA	23
--	------------------------------------	----

Topics

The Search for Bitter Sense	S. ITOH	4
-----------------------------	---------	---

Nitric Oxide in the Oral Cavity	K. AMBE	22
---------------------------------	---------	----

Abstracts

Abstracts of Papers Presented at the 60th Meeting of the Ohu University Dental Society General Session		33
--	--	----

Number 3

Original Articles

Root Preservation by Modification of Abutment Teeth — Root Protection by Elastic Material Application —	H. MATSUMOTO and T. KIKUI	45
--	---------------------------	----

Influence of Shape or Elastic Modulus of Post Materials on Flexural Strength of Abutment Construction to Preserve Root of Endodontically Treated Teeth	T. KIKUI, T. YAMAZAKI, R. TANAKA K. KONNO and Y. YAMADA	63
--	--	----

Topics

How to Remember	K. OHSUGA	62
Drosophila and Taste Disorder	T. KOJIMA	76

Abstracts

Abstracts of Papers Presented at the 61th Meeting of the Ohu University Dental Society	77
---	-------	----

Announcements

.....	79
-------	----

Number 4

Original Articles

Evaluation of Ideal Profile of Mandibular Prognathism by Using Three-dimensional Facial Simulation	M. YAMADA	89
Influence of Low-energy Laser Irradiation on Nitric Oxide Expression in Vascular Endothelial Cells	Y. MORO, T. WATANABE and T. HARADA	103

Clinical Report

Emergency Treatment of Massive Hemorrhage after Upper Third Molar Extraction : A Case Report	F. SUZUKI, S. TOMITA, K. KUDOH K. TANAKA, H. KAWAAI and S. YAMAZAKI	111
---	-------	--	-----

Topics

Glutamine Metabolism in Cancer	Y. KATOH	102
A Paradigm Shift of Dental Management in Coagulant Drugs	K. TANAKA	116

Resumes of Dissertation 117
